A NATIONWIDE PROGRAM

FREE to all Law Enforcement Agencies

Privately Sponsored

Cooperates with Law Enforcement, Attorney General's Offices,
Sheriffs Associations, Police Chiefs Associations, AMECO,
and Missing Children Information Clearinghouses.

A CHILD IS MISSING ALERT WORKS WITH ALL CHILD SAFETY PROGRAMS.

A Child Is Missing Alert is activated often before the Amber Alert (stranger abductions of children) in that ACIM assists in ALL missing cases, such as children that are abducted, lost, wander-offs, or run-aways, in addition to elderly (often with Alzheimer's) and mentally challenged, college students or disabled individuals.

GENERATES 1000 CALLS IN 60 SECONDS.

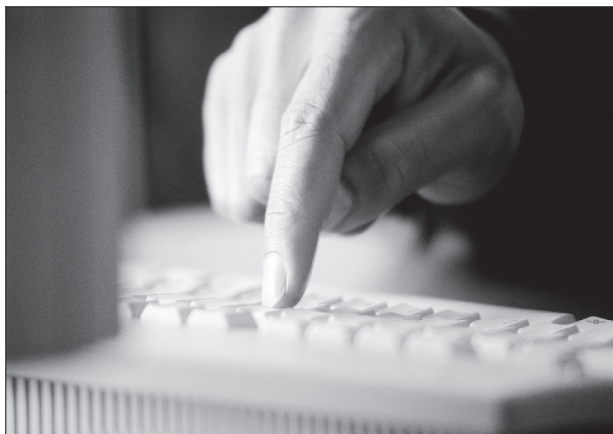

As a First Responder, this is one of the fastest and most effective programs law enforcement can activate in the critical first hours of a missing case. Upon request from law enforcement agencies, A Child Is Missing Alert launches their neighborhood calling program to the area surrounding the location of loss. A Child Is Missing's individually recorded message gives a telephone number for citizens to call the police directly with information about the missing person.

NO JURISDICTIONAL BOUNDARIES TO ADHERE TO.

If law enforcement enlarges the area to be searched – A Child Is Missing, because it is private, can rapidly cross lines of jurisdiction to go nationwide if necessary. A Child Is Missing Alert is a good public/private partnership. Community involvement, positive public relations impact, law enforcement training and community awareness programs make for a successful program.
